

IPSR to Launch @ Thiruvananthapuram

IPSR, the leaders in Asia Pacific region for Red Hat training and certification programmes is all set to launch its new branch at Thiruvananthapuram, the royal capital of Kerala. The official inaugural ceremony will be on 4th of December 2010. The function will be attended by delegates from Red Hat, leaders of corporate houses and students.

The launch is expected to give an extra boom to the drastic growth that IPSR has demonstrated in the recent times. Services offered by IPSR in various streams of Information technology will be made available at the newly launched branch at Thiruvananthapuram. IT certifications including RHCE, RHCVA, RHCSA, RHCS, RHCSA & RHCA will be offered through the new branch. Training services will also be offered in Cisco and Microsoft tracks. Special emphasis will be given to academic projects, especially in Open Source technologies. There shall be separate divisions for offering training in software technologies including .NET, Java & PHP.

Launching OSBRC (Open Source Based Research Centre)

A major attraction for the open source community, at the inaugural ceremony will be the launch of OSBRC, the Open Source Based Research Centre, which will be based in Kochi and spread over all the branches of IPSR in Kerala. The centre will felicitate high-end study & research in Open Source technologies.

IPSR Penguin Wizard Scholarship

IPSR is launching a new scholarship programme to identify talented students in Open Source technologies. The scholarship programme named **IPSR Penguin Wizard** will be offered based on the performance in an online aptitude test and subsequent interviews. Students who prove successful can avail scholarships up to 100% for various courses.

Achievements in Open Source

- ▶ **8 years of operations in Linux, 8 Awards from Red Hat**
- ▶ Produced the highest number of RHCEs (3000+) and RHCSA (33 as on October 2010) worldwide
- ▶ Produced world's youngest RHCE (11 years old) and world's youngest RHCSA (13 years old)
- ▶ 1 out of 20 RHCEs in the world is from IPSR
- ▶ 1 out of 3 RHCSAs in South Asia is from IPSR
- ▶ Winner of Red Hat Asia Pacific International Award 2008, 2009 & 2010
- ▶ Winner of Red Hat GLS National Award 2004, 2005, 2006, 2007 & 2008
- ▶ Established OSBDC (Open Source Based Development Centre) & OSBRC (Open Source Based Research Centre and)

Awards & Honours

It was an ecstatic, vivacious moment for IPSR at the Red Hat Asia-Pacific Partners Conference held at Bali. We were awarded the Red Hat Asia-Pacific International Award 2010 for the best training partner in Asia Pacific.

IPSR is now the leader in Red Hat certifications in Asia Pacific Region having bagged the Asia Pacific Award for the third consecutive year.

Dr. Mendus Jacob, CEO and MD, ipsr solutions ltd, receives the award from Mr. Ian Gray, Vice President, Red Hat Services & Mr. Kenny Khoo, Senior Director for Services

Academic projects @ IPSR

IPSR now offers students, an opportunity to do their academic projects under the guidance of Industry professionals.

Selected candidates are offered assistance to do projects in latest technologies like .NET, Java, PHP etc... We also offer Linux based projects for selected students.

Top Notch Institution Including the **Vellore Institute of Technology (VIT)** and **SASTRA University**, Tamilnadu, have honoured academic projects guided by IPSR by awarding them with the 'Best Academic Project' title!

Students' whose projects are recognized by the respective colleges as the 'best project' will get 50% off for selected courses offered by IPSR. This special offer is being given to promote students who take up challenging and non-conventional academic projects

OSBDC

(Open Source Based Development Centre)

OSBDC, the open source based development center of IPSR was started in 2008 at Kochi, the IT hub of Kerala, with a vision to concentrate more on development in open source. The venture focus on development in emerging open source technologies like PHP.

IPSR is one among the pioneers who foresaw the global economic slowdown and identified the opportunities available for students in the field of open source.

RHCVA launched

IPSR has launched RHCVA (Red Hat Certified Virtualization Administrator) certification from Red Hat. The certification is performance-based, like all other Red Hat Certifications.

The most important attraction for this certification is that there are no pre-requisites to do this certification just like the RHCE. The certification also consists of just one module.

Top Achievers

Mr. Amit Caleechurn from Mauritius is a graduate in Information Systems and also Novell certified Linux Administrator. He joined IPSR to know more about open source technology. Amit is the fourth RHCSA from IPSR.

Mr. Dhaval Soni became the First RHCSA to get certified from IPSR. Mr. Soni who is a Linux System Engineer is one among the privileged few to grab this achievement

Mr. Rejy M. Cyriac, of IPSR became an RHCSA. He is also a RHCE, RHCSA, RHCVA & RHCSA. He is now one among the privileged few to have all the certifications offered by Red Hat in India

Mr. Tejas Sevak is from Gujarat, one of the most industrialized states in India. He took his B.Tech from Gujarat University. He did his RHCSA at IPSR Kochi.

Mr. Sandeep T. Y. student of IPSR Calicut becomes the second successful CCIE from IPSR.

RHCSA @ just 13 years

Rajat Mendus and Rohan G Nair, both students of IPSR became RHCSA at the tender age of just 13. Earlier they were in

the limelight when they became RHCE certified three years back. Both the kids are planning to continue their flair for Linux and to do higher certifications.

Splendid success for RHCA

After the launch of RHCA, the capstone certification in Red Hat Linux, IPSR saw a steady flow of students from all over India and overseas to get trained for RHCA (Red Hat certified Architect). The certification will be offered by a team led by experts from Red Hat. IPSR has already produced 3 RHCSAs and many more candidates including foreign

nationals are undergoing training to earn RHCA.

Placement Drives & Job Fairs

ipsr career center team successfully organized mega Jobfairs at various locations including Kottayam, Kochi, Kozhikode Kollam, palakkad etc... Separate recruitment drives were also organized for companies including Wipro, HCL, Genpact etc... With a student volume of over 2 lakhs, ipsr career center is now one among the top players in IT placement services in South India.

IPSR International Centre attracts Foreign students

The newly launched International centre of IPSR at Kochi is attracting foreign students from different parts of the world. Comparatively lower fee structure and tempting pass rates at IPSR is pointed out as the main reason for this phenomenon. Students from regions including America, Europe, Africa, Gulf region, Australia and Far East are pouring in to do various Red Hat certifications. Mr Zul from USA, Mr Olanposi from Nigeria, Mr. Ken from Germany, Mr. Tim From Kenya, Ms.Bayan from Japan, Mr Frank from Ghana, Mr.Amit from Mauritius are some of the overseas candidates who did their certifications recently at IPSR.

Foreign students enjoying a houseboat ride

What students speak about us

"Training from IPSR was an admirable experience. I came to know about IPSR from some of my colleagues who took Red Hat Certifications from this reputable institution. I am totally satisfied with the way of training given at IPSR.

Akbar N K, OC Engineer, Yahoo Software India Pvt Ltd, Bangalore

"The experience over here is beyond words. I enjoyed a lot and I seized an exhaustive knowledge about Linux and its applications. Anyway I'm the first certified RHCSS from the whole of Africa"

Amit Caleechurn, Systems Engineer, Mauritius

Campus Initiatives

IPSR has developed softwares to automate update process of the official websites of various colleges and Universities. We also have academic tie-up programmes with many professional colleges to offer international IT certification programmes. More than 250 educational institutions in South India have availed our services till date.

RHCSS @ new heights

IPSR is instinctuously setting records for RHCSS as well. Now IPSR owns the title of being the partner which has produced the highest number of RHCSS around the world. This record has resulted in a higher inflow of students from around the globe to do RHCSS at IPSR

CISCO Division in perfect track

In 2008, IPSR concentrated on setting up global standard infrastructure facilities for offering CISCO certification. Now the labs and the faculty crew are fully equipped to offer the prestigious **CCIE certification**. We also have faculty members with CCIE (q)certification.

IPSR Publication releases new book, 'Quantitative Aptitude'

IPSR Publications, the publication division of IPSR launches 'Quantitative aptitude', a book that will prove useful for students planning for a career in IT. The book authored by Prof. Dr. J.Suresh Kumar deals with Aptitude questions that are frequent in competitive exams of IT companies. For enquiries on the book contact: 9947678923

New projects for 10th Year
